Journal of Internal Medicine 1991; **229**: 567–571

Subject Index

ACE inhibitor
effect on albuminuria and tubular transport functions, 163
ACTH 1–24
effect on hepatic lipase activity, 201
Acupuncture
in angina pectoris, 357
Adenocarcinoma
and metastatic breast cancer, 463
Adrenaline
and plasma chromogranin A+B, 453
Adrenocortical insufficiency
and Non-Hodgkin's lymphoma, 377
Age
and platelet functions, 79
Agranulocytosis
and long-term ibuprofen use, 281
AIDS
-associated Kaposi's sarcoma, 35, 539
prevention of salmonelloses in, 103
Albuminuria
effects of lisinopril and nifedipine on, 163
Alcohol abuse
predictive value of gamma-glutamyl transferase, 497
Aluminium
and induction of severe osteomalacia, 275
Anaemia
serum erythropoietin levels in, 49
and erythropoietin deficiency in renal failure, 363
Analgesics
requirement in myocardial infarction, 257
Angina pectoris
acupuncture, in 357
Antacids
induction of osteomalacia, 275
Anti-smooth muscle activities
in Waldenström's macroglobulinaemia, 93
Antibody activity
in Waldenström's macroglobulinaemia, 93
Anticoagulation
bleeding complications to oral therapy, 351
effect of dietary vitamin K, 517
Antidiuretic hormone
diurnal variation in levels of, 131
Antioxidant therapy
in congestive heart failure, 205
Antithrombotic drugs
progress review, 113
Apathy
apathetic thyrotoxicosis, 543
Apolipoprotein B
gene alleles and the hypocholesterolaemic phenotype, 41
levels in cerebellar ataxia and steatocystoma complex, 197
Arginine vasopressin
levels in familial amyloidotic polyneuropathy, 55
Ascites
effects on bottom lines, 1
Atherosclerosis
and lipid levels, 483
Atrial dilation
atrial fibrillation and, 253
Atrial fibrillation
and atrial dilation, 253
Atrial natriuretic peptide
response to low-pressure receptor activity, 151
peptide in dialysis patients, 209
Atrioventricular block
during exercise, 375
Autoimmune thyroiditis
effects of cigarette smoking on, 67
Autoimmunity
pancreatic function in Sjögren's syndrome, 61
in glomerulonephritis due to hydralazine treatment, 261
Autonomic nerve antibodies
and autonomic nerve function, 505
Autonomic neuropathy
and diabetes mellitus, 505
AZT
and salmonelloses in AIDS patients, 103

Bilateral adrenal tumours
in primary aldosteronism, 545
Bile acids
effect of cholestyramine on output rates, 241
Bleeding complications
to oral anticoagulant therapy, 351
Blood lipids
effect of fish diet vs. meat diet, 317
Blood pressure
effect of recombinant erythropoietin treatment, 125
effect of metformin treatment, 181
Blood screening
and survival in lung cancer patients, 337
Body weight
hypertension and sodium levels, 217
Brain function
glycaemic thresholds for impairment of, 343
Breast cancer
and adenocarcinoma, 463

Caffeine
haemodynamic effects of, 501
Calcium
levels in chronic heart failure, 171
Calcium antagonists
effects on albuminuria and tubular transport functions, 163
treatment of diabetics with felodipine, 233
in severe chronic obstructive pulmonary disease, 447
Captopril
upregulation of calcium and phosphofructokinase, 171
Cardiac output
as a paraneoplastic syndrome, 89
Carotid arteries
intima-media thickness of, 225

Catecholamines
in pheochromocytoma patients, 453
Cause of death
in unsuccessful prehospital resuscitation, 331
Cerebellar ataxia
familial hypobetalipoproteinaemia complicated by, 197
Cerebral infarction
and visual field defects, 521
Cerebral ischaemia
and visual field defects, 521
Cerebrovascular disorders
serum creatinine as a predictor of survival, 175
Chlamydia trachomatis
and dilated cardiomyopathy, 289
Cholestasis
during heparin therapy, 471
Cholestatic jaundice
cholesterol and phospholipid levels in, 17
Cholesterol
effect of cholestyramine on output rate, 241
hypofibrinolysis and hypertension, 309
levels in post-infarction patients, 483
Cholestyramine
effect on biliary lipid secretion, 241
Chromogranins
in pheochromocytoma patients, 453
Chronic heart failure
calcium and phosphofructokinase activity during, 171
Citation frequency
and journal impact, 109
Coagulation
effect of fish diet vs. meat diet, 317
Coffee
haemodynamic effects of, 501
Cognitive function
effect of intensified insulin treatment, 9
Collagenous colitis
and prednisolone treatment, 443
Congestive heart failure
antioxidant therapy in, 205
Coronary angiography
and exercise testing, 325
Coronary artery disease
prediction by exercise testing, 325
and lipid levels, 483
Counterregulatory hormones
glycaemic thresholds for release of, 343
Creatinine
clearance in relation to digoxin dosage, 247
Crescentic glomerulonephritis
erythropoietin deficiency in, 363
Cryoglobulin
in Waldenström's macroglobulinaemia, 93

D-penicillamine
treatment for Wilson's disease, 549
Depression
and central hypothyroidism, 285
Diabetes mellitus
dysbetalipoproteinaemia in, 97
effects of lisinopril and nifedipine in, 163
and carotid intima-media thickness, 225
treatment with felodipine, 233
mild fasting hypertriglyceridaemia in, 267
counterregulatory hormonal response to hypoglycaemia in, 293
renal artery stenosis in, 489
and autonomic nerve antibodies and function, 505
and left ventricular function, 527
Diagnosis
of myocardial infarction, 143
Diarrhoea
and prednisolone treatment, 443
Diastolic heart function
and failure, 479
Dietary fat
and platelet function, 79
Digoxin
dosage in relation to kidney function, 247
Dilated cardiomyopathy
and *Chlamydia trachomatis* infection, 289
Diurnal rhythm
in antidiuretic hormone levels, 131
Double paraproteins
in Waldenström's macroglobulinaemia, 93
Drug development
diversity in receptor signalling, 391
Drug therapy
and femoral neck fracture, 29
antihypertensive, resistance to, 421
for thyrotoxicosis, 435
Dysbetalipoproteinaemia
clearance of remnant lipoproteins in, 97

Echocardiography
and left atrial enlargement, 253
left ventricular function and wall thickness, 527
Elastase antibodies
autoimmune responses in glomerulonephritis, 261
Electrocardiography
and exercise testing, 325
Epidemiology
of thyrotoxicosis, 415
Erythrocyte sedimentation rate
and survival in lung cancer patients, 337
Erythropoietin
levels in the anaemia of chronic disorders, 49
effect of haematological parameters, 125
deficiency in crescentic glomerulonephritis, 363
Etodolac
effects on the gastrointestinal mucosa, 5
Exercise
and third-degree atrioventricular block, 375
Exercise testing
degree of coronary artery disease predicted by, 325

Familial amyloidosis
assessment of hypothalamic pituitary function in, 55
Familial hypercholesterolaemia
HMG CoA reductase inhibitors and gemfibrozil, 427
Familial hypobetalipoproteinaemia
complicated by cerebellar ataxia and steatocystoma multiplex, 197
Family studies
of hypobetalipoproteinaemia, 41
Fatty acids
and platelet function, 79
and hypertriglyceridaemia in diabetes, 267

Felodipine
in treatment of hypertensive type II diabetics, 233
effects on haemorheology in hypertension, 533
Femoral neck fracture
drug use and, 29
Ferritin
effect of recombinant human erythropoietin on, 125
Fibrinolysis
effect of fish diet vs. meat diet, 317
Fibrosing adveolitis
induction by sulphasalazine, 553
Fish diet
effect on blood lipids, coagulation and fibrinolysis, 317
and ischaemic heart disease, 511

G-proteins
and receptor signalling, 391
Gamma-glutamyl transferase
positive predictive value for alcohol abuse, 497
Gastric mucosal lesions
effects of etodolac and naproxen on, 5
Gemfibrozil
to treat familial hypercholesterolaemia, 427
Glomerulonephritis
autoimmune responses in, 261
Glucose tolerance
effect of felodipine in diabetics, 233
Glycaemic thresholds
for impairment of cognitive function, 343
Glycoproteins
breast cancer and adenocarcinoma, 463
Goitre
effects of cigarette smoking on, 67
variation in assessment of, 159
thyroid-related hormones and, 407
and iodine intake, 415
Granulocytopenia
gastric lymphoma causing, 193
Graves' disease
and iodine intake, 415
Graves' thyrotoxicosis
incidence of recurrence and hypothyroidism, 435
Growth hormone
regulation in familial amyloidotic polyneuropathy, 55

Haemodialysis
atrial natriuretic peptide during, 209
haemodynamic effects
of coffee and caffeine, 501
Haemoglobin
effect of human erythropoietin on, 125
Haemolytic anaemia
and long-term ibuprofen use, 281
Haemorheology
impairment after stroke, 457
effects of felodipine ER in hypertension, 533
HDL cholesterol
levels in viral hepatitis and cholestatic jaundice, 17
Heart rate
effect of recombinant human erythropoietin on, 125
Heparin therapy
cholestasis during, 471
Heparin-precipitable protein
in gastric lymphoma causing granulocytopenia, 193
Hepatic lipase
effect of ACTH 1–24, 201
HMG CoA reductase inhibitors
to treat familial hypercholesterolaemia, 427
Hodgkin's disease
and osteomyelitis of the wrist, 467
Hydralazine
autoimmune responses in glomerulonephritis due to, 261
Hydrochlorothiazide
comparison with felodipine ER in hypertension, 533
Hypersensitivity pneumonitis
induction by sulphasalazine, 553
Hypertension
metformin treatment of insulin resistance in, 181
body weight and sodium content, 217
hypofibrinolysis in patients with, 309
resistance to drug therapy, 421
effects of felodipine ER in, 533
Hyperthyroidism
thyroid-related hormones and goitre, 407
Hypertriglyceridaemia
in non-insulin-dependent diabetes, 267
Hypervagotonia
and exercise, 375
Hypobetalipoproteinaemia
not due to a mutation in the apo B gene, 41
Hypofibrinolysis
hypertension and cholesterol levels, 309
Hypogammaglobulinaemia
subcutaneous IgG substitution, 73
Hypoglycaemia
during intensified insulin treatment, 9
counterregulatory hormonal response to, 293
and impairment of cognitive function, 343
Hypothalamic-pituitary regulation
in familial amyloidotic polyneuropathy, 55
Hypothyroidism
due to isolated TRH deficiency, 285
thyroid-related hormones and goitre, 407
and thyrotoxicosis, 435

Ibuprofen
severe thrombocytopenia caused by, 281
Infection
serum erythropoietin levels during, 49
Inflammation
serum erythropoietin levels during, 49
Insulin
role in dysbetalipoproteinaemia, 97
counterregulatory hormonal response to hypoglycaemia, 293
Insulin resistance
metformin treatment in hypertension, 181
and hypertriglyceridaemia in diabetes, 267
Insulin treatment
hypoglycaemic episodes during, 9
Interferon-alpha
treatment in AIDS-associated Kaposi's sarcoma, 35, 539
Interleukin-6
and AIDS-associated Kaposi's sarcoma, 539
Iodine
intake, toxic goitre and Graves' disease, 415
Ion channels
and receptor signalling, 391

Iradipine
in severe chronic obstructive pulmonary disease, 447
Ischaemic heart disease
and fish consumption, 511
Islet cell antibodies
in Sjögren's syndrome, 61

Journal impact
and citation frequency, 109

Kaposi's sarcoma
AIDS-associated, treatment of, 35
treatment with interferon-alpha, 539
Ketotifen
efficacy in systemic mastocytosis, 475
Kidney function
digoxin dosage in relation to, 247

Left ventricular function
in diabetes mellitus, 527
Leucocytes
effect of recombinant human erythropoietin, 125
Lipoproteins
and carotid intima-media thickness, 225
Lisinopril
effect on albuminuria and tubular transport functions, 163
Liver function tests
and heparin therapy, 471
Low density lipoprotein
effect of ACTH 1–24 on, 201
in familial hypercholesterolaemia, 427
Low-pressure receptors
neuronal and humoral responses to stimulation of, 151
Lung neoplasms
blood screening and survival, 337
Lymphoma
high cardiac output in, 89

Malignant lymphoma
causing granulocytopenia and cold intolerance, 193
Meat diet
effect on blood lipids, coagulation and fibrinolysis, 317
Mechanical ventilation
in medical and neurological diseases, 117
Medical diseases
mechanical ventilation in, 117
Meningioma
pheochromocytoma associated with, 371
Monoclonal antibodies
breast cancer and adenocarcinoma, 463
Myeloperoxidase antibodies
autoimmune responses in glomerulonephritis, 261
Myocardial infarction
prostacyclin production in, 135
rapid and correct diagnosis of, 143
reduction of analgesic requirement in, 257
Myocarditis
and *Chlamydia trachomatis* infection, 289

Naproxen
effects on the gastrointestinal mucosa, 5
Neoplasia
serum erythropoietin levels during, 49
Nephropathy
effects of lisinopril and nifedipine in diabetics with, 163
Neurological diseases
mechanical ventilation in, 117
Neuropeptide Y
in pheochromocytoma patients, 453
Nifedipine
effect on albuminuria and tubular transport functions, 163
Non-Hodgkin's lymphoma
and adrenocortical insufficiency, 377
NP59 scan
localization of a unilateral aldosteronoma, 545

Obesity
and hypertriglyceridaemia in diabetes, 267
television viewing and life style, 301
and antihypertensive drug therapy, 421
Observer variation
in clinical assessment of thyroid gland, 159
Obstructive lung disease
effect of isradipine on, 447
Osteomalacia
induced by antacid, 275
Osteomyelitis
and Hodgkin's disease, 467

Pain
and antihypertensive drug therapy, 421
Palpation
in assessment of thyroid gland, 159
Pancreatic function
exocrine, in Sjögren's syndrome, 61
Paraneoplastic syndrome
high cardiac output as a, 89
Pheochromocytoma
associated with meningioma, 371
chromogranins, neuropeptide Y and catecholamines in, 453
Phosphofructokinase
levels in chronic heart failure, 171
Phospholipids
levels in viral hepatitis and cholestatic jaundice, 17
effect of cholestyramine on output rates, 241
Physical disability
and recent drug use, 29
Plasma lipids
and platelet function, 79
Plasma renin
activity during haemodialysis, 209
Plasminogen activator inhibitor
hypertension and cholesterol levels, 309
Platelet activity
relationship to age and dietary habits, 79
and long-term diet modification, 511
Pneumothorax
in Wegener's granulomatosis, 189
Prednisolone
to treat collagenous colitis, 443
Prehospital care
and cause of death, 331
Primary aldosteronism
bilateral adrenal tumours in, 545
Prognosis
and mechanical ventilation, 117
Prolactin
regulation in familial and amyloidotic polyneuropathy, 55
Prostacyclin
production in myocardial infarction, 135

Pulmonary circulation
effect of the calcium antagonist isradipine, 447

Radioiodine
therapy for thyrotoxicosis, 435
Receptors
diversity in signalling, 391
Remnant lipoproteins
clearance in dysbetalipoproteinaemia, 97
Renal artery stenosis
in diabetes mellitus, 489
Renal cortical necrosis
erythropoietin deficiency in, 363
Renal failure
and erythropoietin deficiency, 363
Resuscitation
unsuccessful, cause of death, 331

Salmonelloses
in AIDS patients, 103
Serum creatinine
as a predictor of survival after stroke, 175
Sjögren's syndrome
pancreatic function in, 61
Skeletal muscle
metabolic responses to captopril treatment, 171
Sleep apnoea
and sudden death, 23
Sleeping history
and sudden death, 23
Smoking
effects on thyroid function, 67
and carotid intima-media thickness, 225
and thyroid disease, 407
Snoring
sleeping history and sudden death, 23
Sodium
intraerythrocyte content and hypertension, 217
Solitary toxic adenoma
and radioiodine treatment, 435
Steatocystoma multiplex
familial hypobetalipoproteinaemia complicated by, 197
Stroke
serum creatinine as a predictor of survival, 175
impaired haemorheology after, 457
and visual field defects, 521
Subcutaneous IgG substitution
in hypogammaglobulinaemia, 73
Sulphamethoxazole-trimethoprim
treatment of pneumothorax in Wegener's granulomatosis, 189
Sulphasalazine
induction of pneumonitis and alveolitis, 553
Sympathetic neuropathy
and diabetes mellitus, 505
Systemic mastocytosis
therapeutic efficacy of ketotifen, 475

Television viewing
life style and obesity, 301
Thrombocytopenia
and long-term use of ibuprofen, 281
Thrombocytosis
aetiological study of, 493

Thrombolysis
to reduce analgesic requirement, 257
Thromboxane
production in myocardial infarction, 135
Thyroid gland
variation in clinical assessment of, 159
Thyrotoxicosis
effects of cigarette smoking on, 67
and iodine intake, 415
apathetic, in adolescence, 543
Thyrotroph resistance
and depression, 285
Thyrotropin
thyroid disease and smoking, 407
Thyroxine
thyroid disease and smoking, 407
Tissue plasminogen activator
hypertension and cholesterol levels, 309
Toxic multinodular goitre
and radioiodine treatment, 435
TRH
deficiency in depressin, 285
Triiodothyronine
thyroid disease and smoking, 407
Tubular function
effects of lisinopril and nifedipine on, 163
Tumour markers
for breast cancer and adenocarcinoma, 463
Type III hyperlipidaemia
associated with dysbetalipoproteinaemia, 97

Ultrafiltration
atrial natriuretic peptide levels, 209
Ultrasonography
study of carotid intima-media thickness, 225
Unilateral aldosteronoma
localization by NP59 scan, 545

Vasopressin
response to stimulation of low-pressure receptors, 151
Viral hepatitis
cholesterol and phospholipid levels in, 17
Visual field defects
and transient ischaemic attacks, 521
Vitamin K
effect on warfarin-induced anticoagulation, 517
Vitamin-K antagonists
bleeding complications during therapy with, 351

Waldenström's macroglobulinaemia
IgM paraproteins in, 93
Warfarin
for induction of anticoagulation, 517
Wegener's granulomatosis
pneumothorax in, 189
Weight-for-height standards
in adulthood, 303
Wilson's disease
zinc sulphate therapy for, 549

Zidovudine
treatment in AIDS-associated Kaposi's sarcoma, 35
Zinc sulphate
therapy for Wilson's disease, 549
